

## Every Object Has a Gender

### **Copiers are Female:**

Once turned off it takes a while to warm them up again. It's an effective reproductive device if the right buttons are pushed, but can wreak havoc if the wrong buttons are pushed.

### **Ziploc Bags are Male**

They hold everything in, but you can see right through them.

### **Sponges are Female**

They're soft, squeezable and retain water.

### **A Tire is Male**

It goes bald and it's often over-inflated.

**A Web Page is Female**

It's always getting hit on.

**A Hot Air Balloon is Male**

To get it to go anywhere, you have to light a fire under it, and of course, there's the hot air part.

**An Hour glass is Female**

Over time, the weight shifts to the bottom.

**A Subway is Male**

It uses the same old lines to pick people up.

**A Remote Control is Female**

It gives a man pleasure, he'd be lost without it, and while he doesn't always know the right buttons to push, he keeps trying!

**A Hammer is Male**

It hasn't changed much over the last 5,000 years, but it's handy to have around.
